

Application for a Grant from the Social Fund

Please send to: kar-evtreasurer@partner.eurasc.eu

The social fund is intended for families who find themselves in real need.

To a limited extent, the social fund can provide grants for families who find themselves in financial difficulties and are therefore unable to finance a school event or school trip for their children. The decision to support a family is only made after consultation with the school administration.

Important: If you are eligible, you should first apply for support for school trips and excursions through the "Bildung und Teilhabe" program of the job center of the city or district. Information/forms are available from kar-schoolfees@eurasc.eu.

All information will be treated in strict confidence and will only be stored for the purpose of processing the application. Only the treasurer and the school know your name and the name of the child; he/she is obliged not to pass on any information.

Your Parents' Association

First Name and Surname of the Parents _____

E-mail Address _____
